

# ESV BIBLE ORDER FORM

The English Standard Version of the Holy Bible works in conjunction with our Religion curriculum of Grace Lutheran called "One In Christ." It will be used in the study of God's Word in Religion class and will enable the teacher to have everyone on the same page with the same language. This version is easier to understand and is certainly "True to the intent of the Scriptures." The Bible becomes the property of the student, and if cared for properly can last for many years to come. The cost is \$10.00.

Please fill out the form below and bring to the school office with your \$10.00. If you wish, you can give this form and \$10.00 to your child's teacher (grades 2-8) when he/she comes for the home visit. The order will be filled immediately. Your child will receive the ordered Bible on the first day of school with his/her name written on the presentation page.
